

# What's your mode of transport?

## Road users with savvy

Simply follow your Sat Nav route planner using Impact's postcode: **TA2 6BJ**

## Two wheels or four wheels

Whether you're heading along the M5 or the A303, which ever route you take it's so easy. Upon arrival in Taunton just navigate a few roundabouts and think positive for those traffic signals to stay green. Once over the railway bridge you are simply a few turns away.

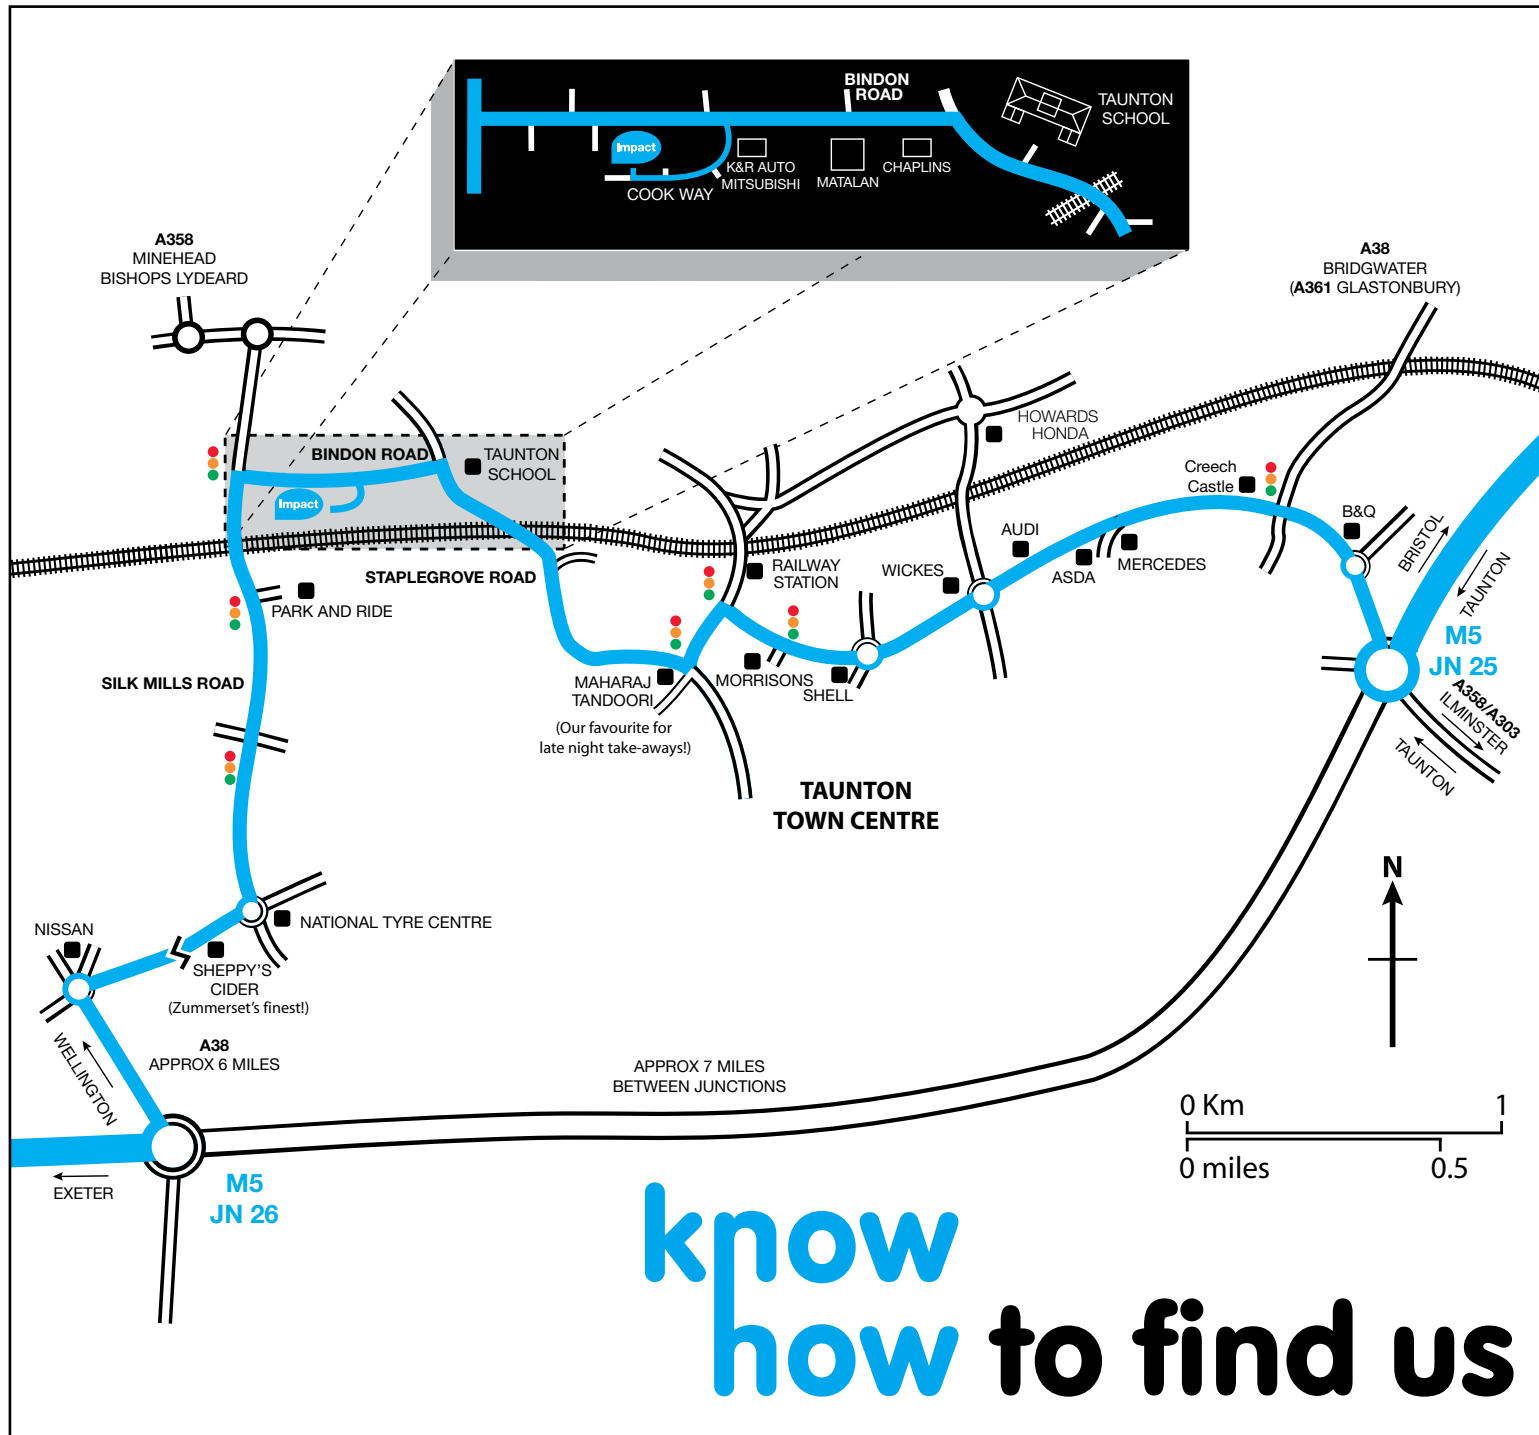

## Let the train take the strain

The scenic South West mainline can be a most rewarding experience. You get to travel through some beautiful countryside and see the stunning Somerset Levels, whilst enjoying the freedom to catch up on those emails and calls. Upon arrival at Taunton Rail Station you are a 5 minute taxi ride away or if you prefer we can pick you up.

## Business class or economy

We're not that far really! If you're flying in, both Bristol and Exeter Airports link the West Country to a host of UK and European destinations. There's a choice of car hire or train and both airports are less than an hour from our office.
